

MOBIS SEAT

You've got projects due at work, a BVI vacation to plan, and your beloved new pup requires constant attention. No problem. It may exhaust your coworkers just watching you zip around with apparently endless energy but for you, it's just another day at the office.

This is your upright seat.

Mobis is a breakthrough in ergonomic task seating. It is a dynamic perching stool that keeps your thighs lowered and hips loose, returning your spine to its healthy S-curve. Mobis keeps you moving, stimulating circulation, sending oxygen to the brain, and improving concentration. An ingenious space-saving design, Mobis has a compact footprint so you can enjoy a greater fluidity of motion in a wide variety of applications.

Mobis is a versatile seating option for standing desks, lab work, retail, co-working spaces, or anywhere a highly responsive and energizing seat is needed. Designed and built in Rhode Island.

Seat cushion options:

Mobis Seat with Cobalt seat cushion

Component	Material	Details
